Новый проект с "One World Foundation"

Делимся хорошими новостями! Мы получили грант из Фонда «One World Foundation» для поддержки внедрения инклюзивного образования в Алматинской школе № 116. В рамках проекта в инклюзивных классах, где обучаются дети с нарушениями слуха будут установлены ФМ системы. ФМ-системы создают направленный звуковой поток в наушник/кохлеарный имплант ребенка и устраняют фоновые шумы, приглушая их. Таким образом, значительно повышается слышимость для ребенка и улучшается образовательный процесс.

Миссией «One World Foundation» является поощрения доступного образования для детей путем поддержки проектов, обеспечивающих безопасную и спокойную среду обучения, а также мотивация детей развивать и расширять свои знания и навыки.

Аналогичные системы мы устанавливали 2 года назад в школе №65 г. Астаны (на фото). Их использование, по словам родителей и учителей, очень помогает детям в учебном процессе.

Новая четверть с новыми возможностями! Вчера провели обучение учителей инклюзивных классов школы №116 г.Алматы по использованию и принципу работы ФМ системы. Начиная с новой учебной четверти ученики с кохлеарными имплантами могут лучше слышать речь учителя, не отвлекаясь на фоновый шум. Спасибо One World Foundation за практическую поддержку внедрения инклюзивного образования в Казахстане! А ребятам желаем успехов и новых открытий в учебе!

Наши спонсоры, представители Фонда One World Foundation посетили на прошлой неделе алматинскую школу №116, где инклюзивно обучаются дети с кохлеарными имплантами. В этой школе мы установили ФМ-системы, чтобы облегчить процесс обучения детям. Приятно было познакомиться с ученицами - Махтаевой Жансаей и Садыковой Региной, увидеть, комфортно ли им заниматься с поддержкой ФМ-системы, довольны ли их учителя.

А сегодня мы получили теплое письмо от мамы Жансаи с благодарностью и ...
